**Sleepy's**  
The Mattress Experts

The Restoration range is exclusive to Sleepy's, tested and endorsed by the Chiropractor's Association of Australia and Australian Made.

The human body is one big electric field which is continually recharging by connecting with or rubbing against other materials. Throughout the course of a day, these voltages can reach as high as 30,000 volts!

Scientifically proven, the Intense™ fabric allows a deeper and more relaxed sleep by freeing the body of static tension. The fabric contains a carbon fibre thread which captures the electrons in your body and releases them into the airflow of the mattress - tension literally flows from your body. Sleep studies have shown that when your sleep is more relaxed, you sleep better and actually need less sleep. Studies show an average of 21 minutes less sleep was required by sleepers on Intense™ fabric.

**That equates to an extra night of sleep each month!**

Gel Infused Visco provides excellent pressure relief and extreme comfort to keep you well rested throughout the night.
