

SPORTS PERFORMANCE RECHARGE COLLECTION

EXCLUSIVE TO
Sleepy's
The Mattress Experts

Tested and endorsed by the Australian Chiropractors Association (ACA), our Sports Performance Recharge Collection is not just for elite sports people, we designed this range for anyone who feels exhausted at the end of the day and needs to recharge overnight. You can sleep undisturbed and wake up feeling recharged with Sleepy's Sports Performance Recharge Collection.

sleepys.com.au

WAKE UP FEELING REFRESHED AND RECHARGED

The Sports Performance Recharge mattresses contain the amazing Intense™ fabric and a Climatex Quilt to help reduce pressure points and heat build-up for a more relaxed sleep. For a fresh sleep environment, our foams have been treated with Ultra Fresh, a coating spray that contributes in the control of common allergens to help you wake up feeling completely refreshed.

The human body is an electric field that can reach as high as 30,000 volts. Scientifically proven, the Intense™ fabric allows a deeper and more relaxed sleep by freeing the body of this static tension which accumulates throughout the course of a day. Within this fabric is a carbon fibre thread which captures the electrons in your body and releases them into the airflow of the mattress, so that tension literally flows from your body.

The Miracoil Advance 5 zone spring system is designed to help reduce stress on the back and minimise partner disturbance across the mattress. For comfort, support and temperature management qualities the Sports Performance Recharge mattresses have a layer of gel-infused memory foam to protect you from excessive heat build-up.

Drift off into critical delta sleep, where body restoration occurs with Sleepy's Performance Recharge Collection and wake up feeling refreshed and recharged.
