## TESTED AND ENDORSED BY THE ACA

To ensure you're sleeping healthy every night, this collection is tested and endorsed by the Australian Chiropractors Association (ACA). Sleepy's and SleepMaker work closely with the ACA to ensure these mattresses are carefully created for full body and spinal support, relaxation of the muscles and even weight distribution across the mattress.

## THERMAL PERFORMANCE

With the latest foam technology, the Titanium GelFoam delivers increased support, resilience and durability. Titanium helps to strengthen the cell structure of the foam to significantly reduce evidence of fatigue under pressure. The addition of titanium gel particles improves the thermal conductivity to allow for heat to be transferred away from the body.

## MIRACOIL ADVANCED SPRING SYSTEM

SleepMaker's Miracoil Advanced Spring System is designed so the continuous coil contours to the natural curves of the spine for a cradling affect. The 5 zoned support structure allows for stress relief on the back, hips and shoulders for a healthy night's sleep.
