TESTED AND ENDORSED BY THE ACA

As mattress technologies continue to progress, SleepMaker work closely with the ACA to ensure Sleepy's exclusive Chiro Collection incorporates the latest innovations and designs for postural alignment and relaxation of the spinal muscles. Such innovations include SleepMaker's Miracoil Advanced spring system, where the coil contours to the natural curves of the spine, creating a cradling effect.

MIRACOIL ADVANCED SPRING SYSTEM

The Miracoil Advanced Spring system is designed with durability in mind. The strong z-shaped continuous coil with a 5 zoned support system helps to relieve stress on the back, shoulders and hips. The ACA Discover will encourage a healthy night's sleep for each individual body.

INCREASED BREATHABILITY

The ACA Discover is a smooth top mattress with a stretch knit fabric. The Climatex quilt is layered between two layers of dream foam with high loft fibre, to maximise breathability and coolness in the mattress.
