

SPORTS PERFORMANCE RESOLVE COLLECTION

EXCLUSIVE TO
Sleepy's
The Mattress Experts

Introducing Sleepy's Sports Performance Resolve Collection—a range designed not only for elite athletes but for anyone seeking overnight body repair and rejuvenation. Rest assured knowing that this collection is tested and endorsed by the Australian Chiropractors Association (ACA).

sleepys.com.au

REJUVENATE YOUR BODY AFTER EACH DEMANDING DAY

Experience the exceptional features of our Sports Performance Resolve mattresses, featuring the innovative Intense™ fabric and a luxurious Climatex Quilt working in perfect harmony to help alleviate pressure points and regulate temperature for a more serene sleep experience. Our foams have been treated with Ultra Fresh, combating common allergens to provide a revitalising sleep environment that leaves you feeling fully refreshed upon waking.

With a layer of column gel beneath the Intense™ fabric top panel, blood circulation is improved while reducing pressure points and muscular tension. The combination of column gel and graphene-infused memory foam creates a near "weightless" sensation. The ActiveSense 5 zone pocket spring system helps to provide support through intelligent two-stage coils, detecting and deflecting pressure while responding independently to you and your partner's movements. Indulge in the joy of waking up refreshed and rejuvenated with our Sports Performance Collection, empowering you to approach each day with boundless energy and vitality.

Did you know that the human body generates an electric field capable of reaching astonishing voltages of up to 30,000? Discover the scientifically proven Intense™ fabric used on the top panel, designed to release static tension and promote deeper and more relaxed sleep. Infused with carbon fibre threads, this fabric captures and redirects the electrons within your body into the mattress's airflow, allowing tension to effortlessly flow away from you.
